Brand Identity Guidelines

Skill Forge / Forge PPF — Design System v2.0

Brand architecture

Layer	Name	Usage
Master brand	Skill Forge	Training, licensing, design system, turnkey systems
Service brand	Forge PPF	Paint protection film operations and dealer-facing materials
Tagline	WHERE STUDENTS BECOME TEACHERS	Covers, certificates, marketing headers

Logo usage

Primary lockup: `workbooks/assets/brand/logos/skill-forge-logo.svg`

Horizontal: `skill-forge-logo-horizontal.svg`

Monogram / watermark: `skill-forge-monogram.svg`

- ☐ Maintain clear space equal to the height of the monogram on all sides
 - ☐ Minimum print width: 1.5 inches for primary logo; 0.4 inches for monogram
 - ☐ Do not stretch, rotate, recolor, or add effects to logo files
 - ☐ On dark backgrounds use full-color logo; on busy photos use monogram watermark at 8–12% opacity
-

Color palette (v2.0)

Token	Hex	Usage
Forge Pink	#FF0F7B	Primary accent, CTAs, Day 1
Forge Magenta	#FF2BA6	Gradients, highlights
Forge Purple	#7D3CFF	Secondary, headings, Day 2
Forge Violet	#5D2BFF	Deep accent
Forge Blue	#00AAFF	Install chapters, links
Forge Cyan	#00D5FF	Finishing, tips, Day 3
Forge Gold	#D9B44A	Business, certificates, premium
Forge Black	#080808	Backgrounds, covers

Forge White	#FFFFFF	Text on dark, print body

Primary gradient: `linear-gradient(135deg, #FF0F7B, #7D3CFF, #00AAFF)`

Source of truth: `workbooks/assets/brand/brand-tokens.json` and `design-system/themes/branded.css`

Typography

Role	Font	Usage
Display / headings	Skill Forge Display	Covers, chapter titles, marketing headlines
Body	Inter, Segoe UI, Arial	Manuals, SOPs, forms, website body
Labels	system-ui	Tags, captions, form labels

Install display font files in workbooks/assets/brand/fonts/ (woff2, woff, otf).

Voice & tone

- ☐ **Expert** — technically accurate, confident, never guessing
- ☐ **Direct** — shop-floor language, not corporate fluff
- ☐ **Professional** — premium positioning without arrogance
- ☐ **Educational** — teach the why, not just the how

Application by deliverable

Deliverable	Brand application
Workbooks	Branded cover, day edge markers, certificate with QR
Manuals	Branded cover, gradient chapter dividers, carbon texture
SOPs / forms	Branded header, logo on cover page
Website	Primary gradient hero, dark theme option, logo in nav
Social	Gradient frame template, before/after layout per marketing kit
Shop signage	Forge PPF for service bay; Skill Forge for training area

White-label deployment

Licensed partners rebrand per **White-Label Agreement**:

1. Replace logo paths in brand-tokens.json
2. Override CSS variables in a shop-specific theme file
3. Submit sample PDFs for approval before customer distribution
4. Retain structural layout and SOP content integrity
