Turnkey Business System — Complete Deliverables Guide

Forge PPF / Skill Forge — Everything included in your shop launch package

Purpose

This document is the master index for the complete turnkey business system: branding, websites, operations manuals, installation manuals, training workbooks, standard operating procedures, pricing guides, warranties, customer documents, and marketing resources.

Use it during onboarding, licensing, and white-label deployment to verify every deliverable is configured for your shop.

1. Branding & Identity

Deliverable	Document ID	Location
Brand Identity Guidelines	brand-identity-guidelines	docs/guides/
Trademark Usage Policy	trademark-usage-policy	docs/policies/
White-Label Agreement	white-label-agreement	docs/agreements/
Forge License Agreement	forge-license-agreement	docs/agreements/
Logo assets (SVG)	—	workbooks/assets/brand/logos/
Design tokens (v2.0)	—	workbooks/assets/brand/brand-tokens.json
Branded theme CSS	—	design-system/themes/branded.css

Implementation checklist

- ☐ Apply brand colors and typography to website and print materials
 - ☐ Install logo package on website header, email signature, and shop signage
 - ☐ Configure white-label fields in all customer-facing PDFs
 - ☐ Train staff on trademark usage policy
-

2. Website & Digital Presence

Deliverable	Document ID	Location
Website & Digital Playbook	website-digital-presence-playbook	docs/guides/
Terms of Service	terms-of-service	docs/policies/
Privacy Policy	privacy-policy	docs/policies/
Document library portal	—	library/index.html

Required website pages

- ☐ Home — services overview, trust signals, CTA to quote/consultation
 - ☐ Services — PPF, tint, wrap, ceramic, detailing (one page per service)
 - ☐ Gallery / portfolio — before-and-after with photography standards
 - ☐ About — brand story, certifications, warranty promise
 - ☐ Training — course catalog (links to workbooks and enrollment)
 - ☐ Contact / quote — form, phone, hours, map
 - ☐ Resources — link to warranty policy, aftercare, and FAQ
-

3. Operations Manuals (150–200 pages each)

Complete shop reference — every operational domain, not training course outlines.

Manual	ID
PPF Master Install	ppf-master-install
Window Tint Master Install	window-tint-master-install
Vinyl Wrap Master Install	vinyl-wrap-master-install
Ceramic Coating Application	ceramic-coating-application
Paint Correction & Detailing	paint-correction-detailing
Customer Service Operations	customer-service-operations

Each manual includes: material science, tools, safety, prep, application, QC, pricing, warranty, 50 core operational domains, vehicle matrix, troubleshooting encyclopedia, competency standards, and 80+ technical bulletins.

4. Installation Manuals & Panel Procedures

Installation coverage is integrated into each service operations manual above. Panel procedure libraries are included as dedicated chapters:

- ☐ PPF — full coverage zone procedures and supplemental panel library
- ☐ Window tint — 12+ glass-type master procedures
- ☐ Vinyl wrap — full panel procedure library
- ☐ Ceramic / detailing — surface procedure library

Bay reference: Print and laminate extracted SOPs from docs/sops/ for daily use.

5. Training Workbooks (3-Day Core Programs)

Course	Status	ID
Window Tint Installation	Complete	window-tint
Paint Protection Film (PPF)	Complete	ppf
Vinyl Wrap	Planned	vinyl-wrap
Ceramic Coating	Planned	ceramic-coating
Paint Correction & Detailing	Planned	paint-correction
Customer Service & Sales	Planned	customer-service

Each workbook: Day 1 Foundations, Day 2 Technique, Day 3 Professional Practice — labs, knowledge checks, completion certificate.

Training Student Agreement: training-student-agreement

6. Standard Operating Procedures

Standalone printable SOPs for bay posting and daily operations:

SOP	ID
Vehicle Intake	vehicle-intake-sop
Glass Preparation	glass-prep-sop
PPF Surface Preparation	ppf-surface-prep-sop
Quality Control Inspection	qc-inspection-sop
Delivery Walkthrough	delivery-walkthrough-sop
Comeback Handling	comeback-handling-sop
Daily Bay Open/Close	bay-opening-closing-sop
Contamination Control	contamination-control-sop

7. Pricing Guides

Editable front-desk pricing matrices — extract from manuals for daily quoting:

Guide	ID
PPF Package Pricing	ppf-pricing-guide
Window Tint Pricing	tint-pricing-guide
Vinyl Wrap Pricing	wrap-pricing-guide
Ceramic Coating Pricing	coating-pricing-guide
Detailing Menu Pricing	detailing-pricing-guide

8. Warranties

Document	ID
Shop Warranty Policy	warranty-policy
Warranty Certificate (customer)	warranty-certificate
Warranty Claim Intake Form	warranty-claim-form

Warranty administration procedures are in each installation manual (pricing & warranty chapters).

9. Customer Documents

Document	ID
Vehicle Inspection Form	vehicle-inspection-form
Service Estimate / Quote	service-estimate-quote
Work Order / Job Card	work-order-job-card
Service Agreement	service-agreement
Change Order Form	change-order-form
Customer Aftercare Card	customer-aftercare-card
Photo / Marketing Release	photo-release-consent
Deposit & Payment Receipt	deposit-payment-receipt

10. Marketing Resources

Resource	ID
Marketing Resources Kit	marketing-resources-kit
Referral Partner Agreement	referral-partner-agreement

Customer Service Operations Manual includes: inbound marketing, vehicle photography standards, review generation, and social content planning (Chapters 24–26).

11. Legal & HR Agreements

Agreement	ID
Independent Contractor	independent-contractor-agreement
Service Agreement	service-agreement
Asset Ownership	asset-ownership-agreement
IP Assignment	ip-assignment-agreement
Referral Partner	referral-partner-agreement
Refund & Cancellation Policy	refund-cancellation-policy

12. Implementation Roadmap

Week 1 — Brand & digital

1. Deploy brand assets and website pages

2. Publish policies (terms, privacy, warranty)
3. Configure CRM and quote templates

Week 2 — Operations

1. Print SOPs and checklists for each bay
2. Train staff on intake, QC, and delivery SOPs
3. Load pricing guides at front desk

Week 3 — Technical

1. Assign installation manuals per service line
2. Begin workbook-based training program
3. Complete competency authorization gates

Week 4 — Go live

1. Full customer document workflow live
2. Marketing kit deployed (social, email, portfolio)
3. Warranty registration process active

Document library

All branded PDFs are assembled in **library/branded/** — see `library/manifest.json` and `library/index.html` for the complete downloadable index.
