SOP-002 — Employee Code of Conduct

Forge Standard Operating Procedures v1.0

Section 1: Company Operations

Purpose

Establish behavioral standards for professionalism, safety, and customer trust.

Scope

All employees, contractors, and trainees while on premises or representing the shop.

Responsibilities

Role	Responsibility
Owner / GM	Enforces policy; documents violations
Lead installer	Models conduct on the floor; reports issues
All staff	Comply with dress, language, phone, and social media standards

Procedure

Professional standards

1. Arrive on time, in clean branded or neutral work attire. No offensive graphics.
2. No profanity, arguments, or personal phone use in customer areas.
3. No food or open drinks in installation bays.
4. Customer vehicles: no smoking, no unauthorized test drives, no personal items left inside.

Confidentiality & social media

1. Do not post customer vehicles, pricing disputes, or internal drama on personal social accounts without written release.
2. Do not discuss one customer's job with another customer.
3. Shop marketing content follows SOP-800 through SOP-803 only.

Substance & safety

1. Zero tolerance for alcohol or illegal substances on premises or while operating shop vehicles.
2. Report injuries, near-misses, and equipment damage immediately to management.

Quality standards

- ☐ Zero unresolved conduct complaints on customer record

☐ Annual acknowledgment signed by every team member

Safety notes

Violations involving safety or customer property may result in immediate suspension pending review.
