SOP-800 — Before & After Photos

Forge Standard Operating Procedures v1.0

Section 9: Marketing

Purpose

Capture consistent, high-quality documentation for marketing and QC records.

Scope

All jobs where Photo Release Consent is signed.

Procedure

Before photos (check-in)

1. Same 8 angles every time: front 3/4 L/R, rear 3/4 L/R, straight front, straight rear.
2. Detail shots of damage, unique features, and areas receiving work.
3. Clean background when possible; no shop clutter in frame.

After photos (QC)

1. Match before angles exactly — same position, same zoom.
2. QC lighting; vehicle clean.
3. Close-up hero shots of edges, hood lines, and craftsmanship.

File management

1. Upload to CRM same day; tag vehicle and services.
2. Raw files to marketing folder within 48 hours.

Quality standards

- ☐ Before/after sets on $\geq 90\%$ of eligible jobs
- ☐ Photo release on file before marketing use
