SOP-700 — Creating Invoices

Forge Standard Operating Procedures v1.0

Section 8: Business Operations

Purpose

Generate accurate invoices that match authorized scope and support accounting.

Scope

Customer service or manager at job completion.

Procedure

Invoice build

1. Pull work order — verify scope matches signed estimate or change orders.
2. Line-item labor, materials, shop supplies, tax, and discounts.
3. Apply deposit credit; calculate balance due.

Review

1. Manager approval if variance from estimate exceeds 10%.
2. Attach change order signatures if scope changed.
3. Generate PDF invoice; store in CRM.

Quality standards

- ☐ Invoice issued same day as delivery
- ☐ Zero invoices without linked work order
