SOP-901 — Film Damage

Forge Standard Operating Procedures v1.0

Section 10: Emergency Procedures

Purpose

Handle damaged film stock, installation errors, and customer vehicle damage during service.

Scope

Installers and managers when film or vehicle is damaged in bay.

Procedure

Film stock damage

1. Segregate damaged roll; log lot number and damage type.
2. Reorder if inventory insufficient — update customer ETA.
3. Do not use creased or contaminated film on customer vehicles.

Vehicle damage during service

1. Stop work; photograph damage; notify manager immediately.
2. Do not admit liability — document facts only.
3. Manager contacts insurance per policy; customer notified within 2 hours.
4. Complete Accident/Damage Claims procedure if applicable (SOP-903).

Quality standards

- ☐ Damage report filed within 24 hours
- ☐ Customer notified before they discover damage independently
